N/A

This elegant new villa in Benissa boasts a sleek, contemporary design, luxurious living areas, and a seamless connection to the great outdoors. Featuring high ceilings, abundant natural light, and eco-friendly amenities such as underfloor heating powered by a renewable energy heat pump and integrated air conditioning, this residence is tailored for modern living. Upon arrival, a private driveway leads to the entrance, where you'll find a secure garage with an electric door for one vehicle and a carport with extra parking space. The open-plan living and dining area exudes a sense of airiness and brightness, thanks to expansive windows and a soaring double-height ceiling. The living space effortlessly transitions...(Ask for More Details!)
